## Rashad Shedd '12 & '18- Alumni Spotlight

Rashad is a 2012 Graduate of the Associate of Science in Radiologic Technology program and a 2018 Graduate of the online Bachelor of Science in Healthcare Administration completion program. "Mercy College of Ohio really cares about the success of their students. It was the college mission and values that attracted me and essentially carried me through (my education). Attending a faith based institution allowed me to put my faith in God and to trust his plan for my life. Mercy truly lives up to their values of serving with compassion, human dignity, excellence, service, sacredness of life, and justice. I carry these values with me in my career and they help shape my daily decision making. After graduation (from Mercy College), the job search was fairly simple. Mercy does a wonderful job at preparing their students to go out into the clinical world."

We're proud of the ambitions and accomplishments of our students and alumni. Each month, current students and/or alumni will be recognized. Tell us your Mercy story. Please email suggested names to [Alumni@mercycollege.edu](mailto:Alumni@mercycollege.edu) or complete a nomination form [here](#).

**Peer-nominations and self-nominations are accepted.**
